Staffordshire University Testimonials

Completing my schools direct PGCE with St. Anne's Primary School was one of the most rewarding years of my life to date. When beginning the year I was certain I wanted to be a reception teacher, as I knew that my previous early years background and extensive child development knowledge would stand me in good stead to be able to fully support children as they began their journey in school. This however did change when I experienced teaching a fantastic Year 4 and Year 6 class and now, a year on I am a Year 3 teacher at St Anne's. St. Anne's gave me so much support and guidance throughout my PGCE and have continued to fully support me through my first ECT year. I cannot thank them enough for the experiences I have had so far and for helping me develop professionally. I certainly wouldn't be in the job I am today without them. The experiences they provided were hands on and practical but were partnered with advice, encouragement and gave me the confidence to believe in myself as a teacher.
