What is School Direct?

School Direct is a school-led option offering practical, hands-on training designed by schools, providing the tools that are crucial for gaining Qualified Teacher Status (QTS) and preparing you to be an Early Careers Teacher (ECT). We recruit trainees and share the practice of all Associate Teachers within our consortium and wider. This is a popular choice for those who hope to secure a role locally. This course is an ideal option for those who want to teach as they learn. Although this may initially seem like a daunting prospect, you will be thoroughly supported by a dedicated team of professionals all striving for a shared goal. You will receive a thorough training programme from school based mentors and university staff as well as a full insight into school life before gradually assuming the role of teacher at the pace at which you are learning. You are eligible for a training bursary (or, where appropriate, scholarship) and can apply for the same financial support, such as student loans.
