

# Knowledge Organiser: Superheroes

## Sticky Stuff

I know that a Superhero is someone who helps others.

I can talk about the types of powers Superheroes have and how they use their powers to help others - invisibility, X-Ray vision, flying, shooting webs, strength and speed.

I know that Superheroes have 'sidekicks' who are friends that help them.

I know what a journalist does and can talk about their job - interviewing people recording their voices or writing notes, videoing events, writing reports.

I can observe how different Superheroes move and recreate their movements and myself.

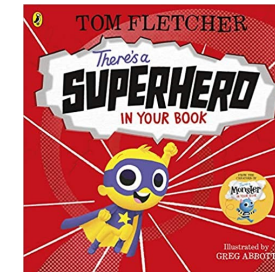

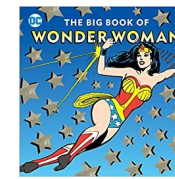

I can play my own musical instruments to make my own Superhero music.
