

St. Anne's C.E. (VC) Primary School

"Together with God, Making Learning a Life Long Friend"

We aspire to be guided in all that we do by our inclusive Christian ethos. We are enthusiastic about life-long learning and share wisdom in serving each other and our world. We encourage all to live lives of hope and aspiration, inspired through acquiring new skills and attributes. Dignity and respect are at the heart of our school.

RE ; SUN SAFE SCHOOLS

We are pleased to inform you that St. Anne's C.E. Primary School are renewing our annual Sun Safe Schools accreditation which demonstrates our commitment to maintaining the health and wellbeing of your child(ren) during school hours.

Whilst we recognise that some sun is good for us, Sun Safety is an important health and safety issue. Children spend almost half their childhood at school, with a great deal of time spent outdoors. During the warmer months of the year children are exposed to Ultraviolet Radiation (UVR) from the sun, the majority of which is when penetration is strongest (between 11.00 a.m. and 3.00 p.m.). Without adequate protection, a child's delicate skin can easily burn, this can cause cumulative and irreparable damage that can significantly increase their risk of developing skin cancer in later life.

Whilst skin cancer remains the UK's most common and fastest rising cancer, the good news is that it is almost entirely preventable (around 90% of cases!) and with parental support, simple steps can be undertaken to ensure that your child is protected, can enjoy the sun safely and learn to develop healthy lifestyle choices.

Please take the time to read through our Sun Protection Policy which is available to view online via the following link: <https://www.sunsafeschools.co.uk/school/7412>

This policy demonstrates our commitment to providing a Sun Safe environment, protective measures and education.

Parental support will play a vital role in our efforts to implement effective control measures, particularly with the provision of suitable sunscreen and sun hats.

In-line with our Sun Protection Policy we ask that parents ensure their child(ren) are equipped with a suitable sun hat and sunscreen that are clearly labelled and brought to, or kept at school from April through to the end of September for use/application when required.

If your child is outside during the school day for whatever reason (breaktime/lunch/clubs/trips etc.) during warm/hot/sunny days and comes in to School without any sunscreen applied, parents will be contacted via telephone requesting that they either attend school to apply sunscreen to their child or alternatively confirming that they are happy for the school to apply sunscreen supplied by school.

Sun hats should be either broad-brimmed (bucket style) or legionnaire to shade the face, neck, ears and cheeks. We recommend that sunscreens have a minimum Sun Protection Factor (SPF) 30, be 'broad-spectrum' (to provide both UVA and UVB protection) and, if labelled with a UVA star rating, carry a minimum of 4 stars.

Our school will provide spare sun hats and a quality sunscreen for application in the event your child does not have access to their own. We recommend parents patch test this sunscreen on their child which is available upon request. **(Please note - School has ordered a small supply of caps and legionnaire hats to purchase from the school office through School Money and we will advise when these are available to purchase).**

As we work toward our Sun Safe Schools Accreditation, all children will learn about safe and unsafe exposure to the sun and how to reduce the risk of sun damage, including skin cancer. We can assure you your child(ren) will have lots of fun learning about this subject through the Sun Safe Schools programme that focuses on developing their knowledge of UV and how to enjoy the sun safely.

Guidance and practical advice about the risks associated with UVR and the prevention and early detection of skin cancer is available to download via the link provided to our Sun Protection Policy above.

If you are a newcomer to our school community or you have not yet filled in the response slip that is attached to this letter, please fill in the response form and return it to us as soon as possible.

Thank you for your valued support.

Yours sincerely,

Mrs. J. Bailey
Teacher

SUN SAFE SCHOOLS

Child's Name: _____ **Year:** _____

*I/we can confirm receipt of the Sun Safety Information, Sun Protection Policy and parent letter detailing the parental support required and *agree / do not agree (delete as appropriate) to support you as requested.

*I/we agree / do not agree (delete as appropriate) for my child to use the school's supplied sunscreen (if required and if they do not have access to their own). Please note that we recommend you patch test this sunscreen, which is available upon request.

Please acknowledge that a practical approach toward the application of sunscreen will be necessary, with help provided to younger or less able children if required by a member of staff. If you do not agree to support us with provision and/or application of sunscreen, please indicate your reason(s) below or advise a member of staff.
