

Child Exploitation and Online Protection Command (CEOP)

CEOP is there to keep children safe from sexual abuse and grooming online. They can help and give you advice, and you can make a report directly to them if something has happened online which has made you feel unsafe, scared or worried. This might be from someone you know in real life, or someone you have only ever met online. CEOP take all reports seriously and they will do everything they can to keep you safe.

If you are in immediate danger, please call the police on 999 straight away. Please also tell an adult you trust who will be able to help you.

If you are a child, young person, parent/carer, adult or friend and are worried about online sexual abuse or the way someone has been communicating with you online, report this to CEOP.

More information about CEOP can be found here:
